

This is what we do!

Wow! What a great Snowcade in Indian Lake Snowwarrior country!

Time Trials were very successful with 3x the riders as last year. Thanks to all those that supported this event and special thanks to the Hamilton County Sheriff Department that lent us their Radar gun to clock our wanna be speed demons.

We had a tremendously successful Baked Potato Night with over 100 hungry spud lovers coming to the American Legion Hall for a hearty meal topped off by lots of laughs and great conversation. Thanks to all those that supported the event by coming out and special thanks to all those who worked the event along with our dear Legion friends who again opened their doors to us.

Last Saturday we hosted two Meet and Greets, one on Indian Lake and other on O'Neill Flow Road. Great success at both locations with many riders stopping by and connecting with the club. I think all riders appreciated our efforts and chance to chat with fellow riders. Thanks to all those who gave up a day of riding to make both stops a big hit for riding community.

Please check Facebook for pictures of our Snowcade activities

Remember we ride stronger together
